Arlington Heights Lions Hear Hospital Plans; Endorse Movement

With the date for the opening of the Maine Memorial hospital \$400,000 Building Fund Campaign rapidly approaching the units of volunteer committees, who will during the week of the campaign carry appeal for financial support to the head of every family in the area to be served by the new hospital, are being organized.

At the regular meeting of the Arlington Heights Lions club Mr. N. E. Eley, General chairman of the Maine Memorial hospital campaign presented the plan of organization to the local club and outlined the part that Arlington Heights was expected to take in the project. Mr. Eley urged the wholehearted support and cooperation of the club stating, "The job of providing hospital facilities for this northwest suburban area is not a proposition that can be handled by any one or two men or any small group of men but rather it requires wholehearted support of every public spirited citizen in the community. We want you to know all there is to know about the project from start to finish and then we want you to think about the new hospital, work for the new hospital and talk in behalf of the new hospital."

Mr. Eley outlined in detail the plan for the management of the hospital in a terse statement that was indicative of the care that has been exercised in preparing for the future of the institution. "In the majority of community hospital projects the one item that causes the most concern is management and assurance of permanent maintenance. In most cases community hospitals operated by the community itself are run at a deficit. In the case of the Maine Memorial hospital, however, management and maintenance are both available. With rare foresight the committee of the Maine Memorial Hospital campaign has already been able to insure the operation of the hospital, when completed, at reasonable rates, without fear or possibility of annual deficits. The Order of the Sisters of Nazareth, long successful specialists in the management of hospitals throughout the world has consented to supply the nurse management for the institution. This guarantees a nursing and administrative staff not excelled by any suburban community hospital. It also assures satisfactory perpetual community service without the usual administrative payroll and overhead expense. This is further assurance that the upkeep of the institution never will become a community burden. The Sisters have also agreed to make a substantial contribution to the hospital enterprise," continued Mr. Eley.

"The contributors to the Maine Memorial hospital project and the community will be represented by a self-perpetuating board of governors who at all times will protect the community interest by legal measures characteristic to business of magnitude. And in addition the keen business judgment of the board as exercised in their individual private affairs will be invaluable to the institution's welfare and will assist, rather than interfere with efficient administration," by the Sisters. The board of governors will be picked from the business and professional men of the communities participating in the project and will represent the keenest business and executive minds available. This feature will at all times assure the finest kind of hospital service."

Mr. A. E. Volz and Mr. H. J. Thal, local vice chairmen had been expected to attend the meeting but were unavoidably detained by business appointments previously made. In their absence Westbrook Steele, associate campaign director, outlined the need for cooperation and the plan of campaign.

At the conclusion of the meeting the Lions Club voted their official endorsement of the hospital project and volunteered their individual support.

The Lions Club of Barrington, at their last meeting passed a resolution endorsing the enterprise and pledging the hearty support to the campaign.

Rural School District Boundary Juts Into Arlington Heights

Residents of the village of Arlington Heights, whose homes are in Elk Grove will not have the right to send their children to the south side school, as such lands are in school district No. 36. The parents residing in the territory in question have been led to believe that the new south side school on only a few blocks from their property would be "their school house." Upon learning otherwise, preliminary action was taken to petition the board of school trustees to change the boundary of the school district to include all lands that are within the village of Arlington Heights. Such action was begun too late to enable the children to attend school in district 25 this year.

FIRST ELECTRIC CHAIR SET UP IN THIS COUNTY

In accordance with the law enacted by the Fifty-first general assembly establishing electrocution as the means of inflicting the death penalty in Illinois in the future, the first electric chair has been set up in the Cook county jail.

The new law provides for the infliction of the death penalty at the Illinois State Penitentiary at Joliet and the Southern Illinois Penitentiary at Chester. The only exception is made in the case of counties having a population of more than 1,000,000 and in this Cook county alone is affected.

Wardens will be in Charge
Under the law when a prisoner is convicted and sentence of death is passed, the sheriff of the county shall immediately convey him to the penitentiary where he will be turned over to the custody of the warden of the institution until such time as the penalty is inflicted.

The warden shall be in charge of the electrocution, but may under a written order approved by the governor, designate a suitable person to act as the executioner.

Prisoners convicted in the counties north of a line drawn from Quincy on the west to Danville on the east are sent to the Illinois State Penitentiary at Joliet. Those south of this line are incarcerated at the Southern Illinois Penitentiary at Chester. The same division of the state is considered with regard to which of the state institutions those under sentence of death will be taken for the execution.

The number of spectators to be allowed to witness electrocutions is limited under the law, which provides "It shall be the duty of the warden of the penitentiary, and the sheriff or deputy sheriff of the county from which the person convicted was sent to be present" at the execution.

In addition to the above mentioned warden shall invite the presence of two physicians. Invitations may also be extended to the judges, prosecuting attorney and clerk of the courts of the county from which the condemned is received, together with twelve reputable citizens.

At the request of the person to be electrocuted the warden shall permit the attendance of ministers of the gospel, not to exceed three, and any of the immediate relatives of said criminal. The warden shall also designate such officers, guards and employees of the penitentiary as by him shall be expedient, but no other persons shall be permitted to be present, nor shall any person, not a relative of the criminal, under the age of twenty-one years, be allowed to witness the electrocution.

The same rules as to attendance of spectators is applicable to electrocutions in the Cook county jail.

Substitution of the electric chair for hanging changes the method of inflicting the death penalty in Illinois since the beginning of the commonwealth.

Electrocutions in the infliction of the death penalty in Illinois will be used in crimes committed in the state after July 1, 1927.

Join Action to Advance Road Building Work

Cooperation between the various organizations interested in Cook county's widening program will bring results, in the opinion of the Chicago Motor Club, which has a prater hand upon the various paved road projects in Cook and adjoining counties.

The movement to promote group meetings for various communities composed jointly of inadequate or broken down roads and official inertia, was instituted by the Motor Club to afford a medium of expression which highway officials might comprehend. From each locality especially characterized by transportation stragglers leading citizens were summoned, with the result that representatives of the combined localities are now to join hands to deal directly with the public authorities which have the administration of highway affairs in their hands.

The widening program which is of special interest to Northwest suburbs is that of the Northwest highway and Avondale avenue union, meaning the condemnation and paving 52 ft. wide in the city; widening the country highways to 40 ft. and connecting up gaps in the thoroughfare at DesPlaines.

Hayes is Optimistic
"We are rather optimistic as the result of having developed an active working organization in each unit," Charles M. Hayes, president of the motor club, said. "The definite accomplishment has been the disclosure of a genuine sentiment among the people themselves that the present conditions have to be remedied, and the realization by officialdom that the people are so widely awake to the necessity for action as to justify an inclination on their part to cooperate and act."

The state highway department indicates an interest in solving the grade and sharp turn problem in the west suburbs.

"The north shore's west road appears to be ready to proceed. The obstacle at Kenilworth, which at first looked insurmountable, is clearing away. Wilmette and Winnetka will be at work on widening in 30 days, we are informed. The next will follow immediately, county officials conclude."

"Public reaction on the Avondale project promises to express itself in no uncertain proportions at a secondary mass meeting at the Palmer house next week."

A county bureau of grade separations, which has started functioning by the assembly of corps of engineers and draftsmen, is now engaged in the preparation of specifications and plans for separation of grades at 300 railway and highway crossings.

N. W. Ry. Employees Have Annual Picnic At Riverview Park

The Third Annual Basket Picnic of the Chicago & North Western Railway Employees will be held at Riverview Park, Saturday afternoon and evening, August 20.

A large and interesting program of athletic contests starting at 1.45 P. M. has been arranged for. A baseball game between teams from the General Office and Chicago Shops is to be one of the principal events starting at 3:30 P. M. The North Western Band will furnish the music. The dancing will start with the Virginia Reel by a number of the pensioners.

It is expected that there will be a large attendance of C. & N. W. Ry. employees and their families on this occasion.

Aimee Semple McPherson says her mother's mind has weakened. And the same might be said of the woman evangelist's adherents.

Bensenville Paving Approved in Courts

Bensenville is well started on the way to become a real live city. The storm sewer will soon be finished and the streets are all to be paved. The paving question was settled in the county court at Wheaton Tuesday. The R. R. Co. and Main St. objectors all agreed to the engineer's plans and attorney's estimates. We are to get a steel reinforced concrete pavement 8 inches thick and 30 feet wide with curbs for less than \$10 a front foot each side. Read the notices in the Du Page County Register this week for cement sidewalks and concrete pavements, work on which will start as soon as contractors bids are accepted by the village board. Then we will get city mail delivery at our homes. If adjacent territory wants city improvements they better hurry up their annexations.

All-Star Band Plays County Fair

Good music during the afternoon and evening programs will be one of the features at the Cook County Fair at Palatine, Sept. 1 to 5. The music will be furnished by an all-star northern Illinois band under the direction of Prof. W. N. Sears who is one of the leading band directors of northern Illinois. Prof. Sears will choose his all-star county fair band from the best players of the numerous bands and orchestras in the county. This combined all-star band will be one of the attractions at the Cook County Fair.

Owning an automobile in China is distinctly a luxury. The license fee in one city costs \$37.50 a month and when gasoline is cheap it is \$1.50 a gallon.

"I do not choose to run for president in 1928," says Mr. Coolidge. No need to run; everybody believes he can win in a walk.

Cradle Horse Shoe Brings Life Of Luck To Farmer

Somebody hung a horse shoe over the cradle occupied by Henry Meyer, when he was a kid and it is still hanging there. That is the claim of a few friends of Mr. Meyer, who can give no other reason for the "luck" that keeps his way. Henry does not make any attempt to explain the phenomena and when asked for the reason of his big crops, only replies by telling "another" story with himself as a hero.

Now Henry is a farmer residing in Plum Grove. He threshed the other day and secured such a heavy yield of oats he has not entirely recovered from the shock yet.

In these days of reported crop failures, oats going 65 bushels to the acre is big news and when the "Inquiring Reporter" sought out the hero of this report, he found him seated upon a cracker box in a corner store telling "crop stories" to his listeners. A shrug of his shoulders was all the reporter was able to get out of him, but here are the stories.

When he was cutting his grain two weeks ago, it was so thick that he had four men shocking behind the binder. It was near dark when he was near the end of the field. Turning the machine, he started down the field cutting the shocks. He then discovered that the grain was so heavy and the shocks were so close together that it resembled a field of uncut grain. The records of the threshing which gave him 650 bushels off ten acres gives some credence to the story.

But Henry says this year's oat crop is nothing compared to the potato crop he had three years ago. The potatoes grew so fast and large he had to haul in fresh dirt to keep them covered. There was not enough soil left between the furrows to maintain the potato hills.

Feeling that his hearers were not sufficiently impressed with that story, he gave the knock-out blow with this one: When occupying the Pepper farm east of Lake Zurich, he had a very fine herd of cows. The supply of milk became so heavy that the wagon with side boards was not able to haul it all to the factory, so he hitched two of the cows to the back of the wagon and milked them at the factory.

Orphan Home People String 1,500,000 Tags

In connection with the Federated Charities Tag Day we print below a letter written by Raymond Weyrauch (aged 11 years) who lives at the Orphan Home in Bensenville. The work of stringing the one and one half million tags was turned over to the Home and the children as well as the old people worked hard to enter finish the task or solicit the help of other people interested. Raymond's letter appears in the July-August "Our Bensenville Home" a six page, three column paper edited by the Home. Raymond's letter, entitled "Tags" follows:

"July 12, 1,500,000 tags came to us to string and tie. On one side of the tag there is printed 'Have a heart for Chicago Federated Charities' and on the other side it says, 'Thank you.' These tags are red and shaped like a heart. Some one thought of a way to string about 150 at a time instead of one at a time. The boys did most of the stringing. The highest we tied was 45,000 in one day. Our daily quota was 30,000 and whatever we tied over that as counted for the next day. August 8 we finished stringing and tying the tags at the home. There are some tags out yet that some ladies, men and churches took to tie."

Certainly a fine report of work done written by a 11 year old boy.

Roselle Plans for Enlarged Sewer

A complete sewer system for Roselle costing \$179,000 is in prospect. The ordinance and estimate of cost are published in this issue and will be considered by the village board at its meeting Tuesday, Sept. 6. The improvement includes a septic tank and filtering beds, with electric power service to operate it. House drains to the various lots are likewise included.

Large Crowd Present at Preliminary Drawing For Honeymoon Home

HOME DRAWING
The first drawing for the winners of the Herald's Honeymoon Home took place last Sunday. 200 names were drawn by a committee of three and on Sunday, August 28th, the final name will be selected. Every one that has registered for the Home should be on hand at that date. The price of the Honeymoon Home is \$13,500. Whoever gets the Home will receive a credit of \$3,000, making the balance \$10,500.

Don't forget the Herald's Honeymoon Home in Arlington Heights Addition is open for inspection every afternoon and evening and the final drawing will take place Sunday, August 28th.

New Mt. Prospect Business Block To Open End of Week

The new business block in Mt. Prospect, erected by Wm. Busse, Jr., will be officially opened next Saturday. Mr. Busse and Mr. Meeske, who are the proprietors of the two stores within this block are extending a general invitation to the public to call and "look them over" that day. In honor of the occasion, they are giving away a lot of souvenirs and it is going to be a gala event.

This business block is similar in architecture to the building being erected a short distance to the north and it is but the first section of a five story building. Work on the other section is now being rushed. Few towns in the Chicago suburbs can boast of as attractive a business block as this one. It establishes a kind of architecture for Mt. Prospect's business district that lends it a distinction well in keeping with the many fine homes that are being erected in that City of Progress.

Mr. Busse has installed new fixtures, throughout and his entire store will be devoted to dry goods and its varied lines. Mr. Meeske has installed a special electric refrigerating plant for his meats and fruits and will have a special man to exhibit it. His is a model grocery and market.

Neither Mr. Busse or Mr. Meeske intend to make Saturday a "sale day." They will make no effort to make sales confining the time of themselves and their clerks to receiving the many visitors that are expected. A full account of the building will appear in our next issue.

Women's Dept. Feature At Cook County Fair

This year as usual the big Women's department is going to be one of the leading features of the Cook County Fair which will be held at Palatine Sept. 1 to 5.

Every year the women's department continues to hold its own as one of the leading exhibit features of the fair, and why not?

With all of the beautiful creations turned out by the needles of Cook county's leading fancy work makers, with shelves and tables loaded with fruit preserves, pies, cookies, cakes and countless other delicious creations, which make a person's mouth water who wouldn't the women's department be one of the leading features of the fair?

There will be the finest creations of the innumerable things for which the housewives of Cook county are famous on display at the fair this year. Prize winning cake makers from the towns and cities will vie for supremacy with their sisters from the farms. The same will hold true of the needle workers and rug makers and this good natured competition will produce one of the greatest shows of the arts of the housewife which has ever been presented at a county fair. The women's department is always a feature of the Cook county fair. It will be an even greater feature this year.

CALUMET BAKING POWDER BAND
TO PLAY AT ANNUAL FESTIVAL

To Lay Corner Stone Of Methodist Church

The exact date for the laying of the corner stone of the new Arlington Heights Methodist church has not yet been fixed, but it will either be August 28 or Sept. 4. Dr. Thompson, pastor of the First Church of Chicago and Dr. Odgers, district superintendent are among the visiting pastors who are expected to be present. The construction work is progressing very nicely. Contractor Schaeffer is pushing the work as fast as it is possible.

By Clyde C. Young

Mid pomp and circumstance, the like of which have never before been witnessed by the citizenry of this neck of the woods, and before a mighty concourse of the residents of not only Arlington Heights but from the city of Chicago and its environs as well, the grand opening of the Cook county Herald's Honeymoon Home was celebrated last Sunday.

The melodious strains of the Arlington Heights band lent a great deal of gusto to the occasion. Several hours before the time advertised for the grand opening ceremony automobiles began to arrive in a perfect stream on the site of the Herald's Honeymoon exhibition at the Arlington Addition. They came from all points of the compass, and so lengthy was the cavalcade that at 4 p. m. when Wm. E. Kopplin, master of ceremonies, was to take the platform, a veritable phalanx of cars was parked on the greensward of the gentle slope on both sides of the model home.

All social lines were cast to the four winds for once at the great throng entered into the spontaneity of the occasion that makes the whole world akin, irrespective of creed, color or what not, the most sublime and sacred thing that can come to pass on earth—the entering of a man and woman into a Home.

The arrangements made by Salesmanager A. Z. Caron of the Charles P. Gray Company, National subdivisions, and his corps of able lieutenants for handling the big crowd were 100 per cent perfect. So well were they carried out that not a single accident, collision, or untoward incident occurred to mar the afternoon's pleasure.

Wm. E. Kopplin, master of ceremonies, made a very effective talk upon Arlington Heights and its future.

"The growth and greatness of Arlington Heights are as certain as the courses of the stars. The city's future is assured by its close proximity to Chicago and a wealth of beautiful terrain such as has made the most beautiful homes in the world," said Mr. Kopplin. "More oarsmen, fewer deadweight passengers, help the boat reach land quicker and it is the oarsmen that we have in Arlington Heights. Good neighbors and good neighborhoods, ladies and gentlemen, is the motto upon which Arlington Heights is being built and we welcome the general public to our city of Elms and good neighbors," concluded Mr. Kopplin.

And the Honeymoon Home!

This is the house that was built by George L. Parker and Son and completely furnished by Stadman Bros. of Arlington Heights to show the public how nice modern, modest home life can be. Every one was tickled pink with the wonderful display. Owing to the lack of space it would be impossible to fully describe the interior of the Honeymoon Home. Those who have not seen it should by all means arrange to visit this wonderful exhibition during the next two weeks. The Honeymoon Home is open for inspection every afternoon and evening, including Sundays.

Dissolving Country

It has been estimated that if the work of erosion performed by water on the total surface of our country were concentrated on the Isthmus of Panama, it would suffice to cut a canal from ocean to ocean 85 feet deep in about 75 days.

The average annual erosion produced by water in the United States corresponds to the removal of a layer about 3 1/4 feet thick in 3,400 years. It is figured that our rivers transport every year 270,000,000 tons of solid matter and 513,000,000 tons of matter in a state of suspension.

EASTERN STAR NOTES

Palatine Chapter No. 585 O. E. S. greatly enjoyed the official visit of the Worthy Grand Matron, Sister Ida M. Stacy which took place on Saturday evening, August 13.

About one hundred were in readiness at 6 o'clock to partake of the splendid dinner which was served in the dining room.

Both dining room and chapter room were beautifully bedecked with garden flowers.

The chapter meeting was called at 8 o'clock with Sister Lily Jahn, worthy matron, and Brother Richard Jahn, worthy patron, in the east.

Sister Jahn in a very gracious manner welcomed the following grand officers: Sister Ida M. Stacy, Worthy Grand Matron; Brother John P. Garner, Worthy Grand Patron; Sister, Crystle Johnson Grand Electa and Brother Edward J. Meyers, grand sentinel.

Among others that were present were: Sister Vivian Scott, Past Worthy Grand Matron, and Sister Sims, a grand representative from Pennsylvania to Massachusetts.

The regular officers exemplified the work and initiated Mr. Ed. Hahnfeldt and Mr. Francis K. Wilton into the order.

Visitors were present from Glenview, Barrington, Elgin, Park Ridge, Evanston and several Chicago chapters.

Every member of the different committees for the occasion worked hard and put in every effort possible to make this evening a pleasant one, especially Mrs. Maud Brodway, and her assistants in preparing the splendid dinner, also the brothers who so ably served it.

Our next gala night will be on September 12, when Sister Sallie Volz, grand lecturer and our instructor will act as worthy matron.

On September 13 the Worthy Matron Sister Lily Jahn will serve as worthy matron at Park Ridge chapter.

ST. PETERS LUTHERAN CHURCH NOTES

It will be a joy for our congregation to gather again in the redecorated house of worship. The decorators have done their work well and the church presents an inviting appearance. The basis of the color scheme is ivory and light gray set off by a simple border of tan.

The shaft of the columns supporting the vaulted ceiling have been done in ivory while the capital is covered with leaf gold. The upper wall at the altar portrays a work of art with its beautiful tinted cloud effect and its center piece of the open Bible with the anchor of faith. At the entrance is another symbol of the cross with two trumpets entwined with leaves of victory. The meaning is clear. The message of the cross must be proclaimed to all the world, and the victory is assured. May the beauty of our house of worship serve to put us in the proper mood of devotion for the hearing of God's message and the singing of His praise.

Holy communion will be administered Sunday. The service will be conducted in the German language only. Confessional service begins at 9:30 and the communion worship at 10 a. m.

English worship will be omitted Sunday because of the communion. Sunday, Aug. 29, services will be held as usual.

BUFFALO GROVE

Another good time was enjoyed Saturday night, when friends and relatives gave Otto C. Neumann, Dundee Road and Buffalo Road a Birthday surprise. Those present were:

Mr. and Mrs. Albert Reinigen, Mr. and Mrs. Arthur Fourier, Mr. and Mrs. Arthur Futz, Mr. and Mrs. Ray Anderson, Mr. and Mrs. Carl Mielke, Mr. and Mrs. Gutsman and daughters, Dr. Joe Puley, Miss Bessie Rytina, Mr. and Mrs. Charles Close, Mr. and Mrs. Emil Jennrich and sons, Mr. and Mrs. Ross and daughter of Chicago and Mr. and Mrs. J. Gerhardt and Mr. and Mrs. J. Jerousek of Arlington Heights.

Regardless of what Secretary Jardine thinks is good for the farmer, the American farmer undoubtedly yearns more for a chance to be left alone and to demonstrate that he is a farmer rather than a financial cripple and pauper bone-head.

OBITUARY

EDWARD C. SMITH

Edward C. Smith, son of Gunther Smith and his wife Mary Sanchez, was born in Arlington Heights March 3rd, 1868. There he has resided all his life except two years spent in California. Following his school days in his home town he took a business college course in Chicago and entered the employ of the C. & N. W. railroad.

He remained with that company twenty years, the past seven years being with the Benjamin Electric Co., at Des Plaines. In 1902 he was united in marriage to Miss Mary Imhoff.

He became afflicted with ill health last November and became gradually worse until December 17 when he was taken to his bed. He underwent an operation in January but there was little relief. His wife did everything possible that loving hands could accomplish and until the last week of his life had sole charge.

Death came Wednesday, August 10, aged 59 years, 5 months, and 7 days. The funeral was held Sunday afternoon at the residence. His masonic brethren, C. D. Taylor officiating, conducted the funeral services at the grave.

Deceased was strictly a home man. He cared little for social affairs and the hours that he was able to spend at his own home were the most prized by him. His personal attributes won him loyal friends from those acquaintances who knew him best. He was a past master of Palatine Lodge No. 314 A. F. & A. M. and member of Palatine Chapter No. 206 R. A. M.

Mr. Smith is survived by his wife, a brother, Frank, of Los Angeles, and a sister, Mrs. Mamie Shields, of Santa Anna, California.

ITASCA

Mr. and Mrs. August Goeddeke left Thursday on an auto trip through the west.

Mr. and Mrs. Brossman and children, Mrs. Wilke and Miss Wilke of So. Milwaukee spent Sunday with Mr. and Mrs. August Goeddeke and relatives.

The girls of the Itasca Evangelical church gave a bridal shower in honor of Miss Grace Gronewald at her home. The shower was planned by Mrs. Chas. Klein of Wooddale. Many beautiful and useful gifts were presented by the 35 guests.

A preaching service in the Evangelical church August 21 and 28. Sunday school and evening service as usual.

Mr. Ben Gronewald arrived from Turkey for three weeks visit with the home folks. He has been teaching in Oneonta, New York.

Mr. Dorwart visited Itasca a few hours Tuesday. The family will return to Itasca this week to live in Mr. Mahler's flat.

No service in St. Lukes church Sunday on account of the mission fest at Roselle.

Friday evening, July 29, members of the Priscilla club of which Mrs. Zersen is a member, had come with their husbands and surprised Rev. and Mrs. Zersen, bringing beautiful silverware and cigars.

The evening was spent playing buncos, after which a dainty lunch was served by the ladies. During the week preceding last Sunday, other silver presents were received from friends in Wisconsin and North Dakota.

Mr. and Mrs. Charles Hanck left Tuesday for a two weeks auto trip to New York City.

Mr. H. F. Krueger of Homer, Ill., will soon open a drug store in the B. B. Clover building.

Mrs. Stanley Chessman and little son, Roger Lee, spent two days at the home of her cousin, Miss Olga Nelson.

Mrs. George Todd of the Nordec Country Club died Monday following a stroke of paralysis.

Mr. and Mrs. Von Gunther and son Louis Ernest leave next week by auto for an extended trip thru Canada, returning by way of the New England states.

Itasca Masonic Club
Owing to vacations enjoyed by the members, the Itasca Masonic Club's regular meeting Thursday evening, Aug. 4th, being devoted to routine business matters and round table work, passed into the records of the club as another one of those quiet summer evening events.

SILVER WEDDING JUBILEE

Sunday, August 10 at 2:30 p. m. St. Lukes congregation celebrated the 25th (silver wedding) anniversary of Rev. and Mrs. F. Zersen. It was planned and carried out by the Ladies Aid.

The pastor and his wife were taken for a lengthy ride during the noon hour by their son Carl who had been taken into the confidence of the promoters. On returning home at the appointed time they were surprised to see their son William, who was not expected home until several days later from Mondovi, Wis., where he has conducted a summer school. In the mean time the church bell rang and officers of the church and Ladies Aid approached the jubilee couple and decorated them with a silver wreath and silver flower. They were escorted into the well filled church to two flower decorated chairs, where Mr. and Mrs. Zersen played the wedding march. The service began with singing a hymn of praise after which Rev. Protzenhauer of Addison delivered an address appropriate to the occasion. A duet was then sung by Gertrude and Helen Schaper. After the closing hymn, all were requested to go to the village hall where the Ladies Aid and others served a sumptuous supper to 250 guests. The tables were lavishly decorated with flowers. A silver bell was suspended over the heads of the celebrants and beautifully decorated and silver ornamented cake was placed before them. Teacher Elbert acquitted himself as toastmaster in his usual splendid way. The entertainment during the meal was furnished by Emma Droege-muller, Gertrude and Helen Schaper and Wm. Schaper, Jr. It consisted of piano and violin solos and

humorous songs and duets. They also sang "Silver Threads Among the Gold." Numerous telegrams were read. Rev. Weinrich and Protzenhauer gave humorous talks and others who were called upon by the toastmaster, ably responded. Mr. Martin Mensching, treasurer of the congregation, stepped forward and gave the jubilant a beautiful silver wreath framed and engraved with their names and dates August 10, 1902-1927. At the same time Mrs. George Forke, president of the Ladies Aid, presented valuable silver ware given jointly by the congregation and the Ladies Aid. A purse was also given to the pastor and his wife by the congregation. Before all had been served many went to the parsonage where the celebration proceeded on the spacious lawn.

Toward evening the relatives of Rev. and Mrs. Zersen began to arrive and another spread was prepared by the ladies and served to all. The dining room at the parsonage was also made into a bower of beauty by many more bouquets of

flowers and by pink, white and silver ribbons on the table and streamers extending down from the center light. Presents of table linen and silverware were given at this time. The young people led by Martin and Herbert Schaper, entertained with music and song. At a late hour all departed conscious of having had an enjoyable time. The young people, led by Mrs. Zersen. Never will they forget the love and esteem shown them. They extend heartfelt thanks to all who helped make the celebration so perfect a success.

Mount Prospect State Bank

Mount Prospect, Ill.

o'clock the men folks arrived and the eats were served, after which a goodly number joined in the ball game. Chicago guests were, Mr. and Mrs. Johnson and family, also Mrs. John Pagan and her son, John James.

Some time ago it was decided that Mount Prospect hold a celebration of some sort to dedicate the several huge improvement projects of the past year. On August 15 the first meeting was held with a representation present from the various organizations of the village. This body formed what is to be known as the committee on the Mount Prospect paved street and new public school dedication.

William Busse Jr. was elected chairman, and Henry Ehard was elected secretary and treasurer. It was decided that this celebration take place on Saturday, September 24th.

Appointments of the various department chairmen and their co-workers will be made by the chairman in the near future.

On Tuesday evening, August 16, Mr. Otto Maleske had a birthday and to help him realize that another year was added to his age, a few of his friends came to help. Saturday is open house day for both the Busse Dry Goods Store and Meeske's Food Shop. Both of these stores are modern in every way and it is pleasant to think that our merchants are right up to the minute in their business.

The Chamber of Commerce is getting ready for some real ac-

tion and will prepare a program for fall campaign that will make everybody sit up and take notice as well as let the world know that we are on the map.

Chief Mulso is mad clear thru at the action of certain persons and if he sees them in town again, well the writer does not care to be in their place, as it is going to be.

"The schools will be open again next month, and school authorities and motorists' organizations are already turning their thoughts to the matter of accident prevention among the school children," says Chas. M. Hayes, president of the Chicago Motor Club.

"The average child starts to school at six, the age at which accidents are most prevalent, and every year brings its hundreds of little ones who have not had the benefit of safety training, and who are alone on the streets every day for the first time. Children are quick to follow example, and the work of reducing accidents good example has been found to be one of the most important factors in influencing the actions of children.

"The school boys' patrols, appointed because of capability, good deportment and attention to studies, furnish the needed example, be very unpleasant for them, but can you believe our good natured chief can get mad, it is hard to think but it is the case.

The Des Plaines Construction Co. houses in Meier's addition are already under roof. The Lonnquist Co. have also built another home in their Prospect Park subdivision.

The Development association is being kept as busy as ever with building and are hard at putting up homes in Busse's eastern addition. The score of men have up so far this year must be near the 50 mark and from indications there is to be no let up but we will grow continually.

The dedication celebration committee has not given any information out for publication but they are hard at it with plans that are to make Mt. Prospect day the best celebration we have had in town so far.

The Mount Prospect Recreation is the name under which the new bowling alley and billiard hall will be run. These have been leased to two men who know the business, by William Busse and Son and it is hoped that they will be able to open up early this season.

The new school house is ready for the roof this sounds good and it now looks as if it surely will be finished in time for the opening this fall.

B. H. Laudermilk's Villa is a neat subdivision and judging from the crowds around this property it must be selling in good shape. In fact the subdividers are all doing good business.

Albert Busse had a chance to get away the Buicks were delivered that he had orders for.

ROSELLE

Mrs. Henry Bockelman and sons spent last week with friends in Chicago.

Henry Fenz and family were guests at the home of Mrs. Sophia Fugsten Sunday. Loretta and John remained to spend two weeks with their grandmother.

Charles Brendel is enjoying two weeks vacation from his work in Chicago.

Mr. Binneboose and family have returned from a visit with his parents at Wisconsin Rapids, Wis.

Mrs. Wm. Schuler spent Friday with her son Earl at Morton Grove.

Miss Clara Becker is enjoying two weeks vacation from the Roselle State Bank.

Lucille Roloff is spending a few days with her cousin Lorraine Nelson at Arlington Heights.

The C. M. & St. P. R. R. paint crew came to town last week and brightened the buildings of the Co. with a coat of that famous golden orange paint applied with a spraying machine. It is the last word in loudness, but at that it certainly improves the looks very much.

Mr. and Mrs. O'Connor from Iowa have moved into the flat next door to the Roselle Farmers elevator.

Charles Turner returned Saturday from a two months stay with college friends in Colorado and New Mexico.

Mr. and Mrs. Claude Peterson entertained friends from Chicago over the week end.

Mrs. Charles Brendel and children spent last week at Fox Lake.

Mr. and Mrs. J. E. Nelson have moved into the flat over the sash and door mill.

Roselle fire engine was delivered Tuesday evening just in time for a fire, which started near the chimney of the Roselle Farmers Bank building, but by the good work of the firemen the engine was not used. Very little damage done.

The T. E. club met at the home of Mrs. Mabel Melville Thursday evening.

Mrs. Walter Hattendorf was hostess to the 500 club Friday evening.

Mrs. Walter Rossiter was hostess to the 500 club at her home in honor of her husband's birthday Saturday evening. A chop suey supper was served at seven p. m. Three tables of 500 were played and beautiful prizes awarded the high scores. They departed at a late hour wishing Walter many more happy birthdays.

Roselle A. C. baseball team was defeated 10 to 9 Sunday by Long Grove. Sunday, August 21, Roselle will play Elgin Cardinals at Lord's Park, Elgin.

Two freight cars from a train on the C. M. & St. P. track which was switching near Roselle jumped the track and fell down the embankment a quarter of a mile east of here Tuesday afternoon. Fortunately the cars were empty and not much damage done.

SCHILLER PARK

Walter Wyrembek visited in Milwaukee Monday.

Mrs. A. Kotlow and children have returned from a visit in Fond du Lac.

Schiller Park baseball team brought home honors Sunday by giving River Grove a trimming on their own grounds at River Grove.

The Ladies Aid of the Community church will hold a bunco party Saturday evening in school hall. Admission 35 cents including a very fine door prize. Everyone welcome.

About thirty relatives and friends helped Robert Hansen celebrate his birthday Sunday at his home on Emerson ave. Cards and games furnished a good time for all present and everyone went home happy.

The Christian Mothers of St. Beatrix church held a business meeting Monday evening. Plans were made to hold a bunco party Sept. 15. There will be very nice prizes Admission 35 cents. Everyone will be welcome.

Several from here attended a picnic in Franzen's Grove at Bensenville Sunday.

The architect presented plans for the new fire engine and equipment house and same was adopted by the village board at their meeting Monday evening. It is to be built one story high, same length as village hall, about 24 feet wide with a basement under the back end for storage of fuel and a heating plant for both village hall and engine house. The board will order a special election to vote on issue of bonds for same.

The Interstate R. R. commissioners' report is in favor of the Soo Line against all the villages it goes through. It is not just nor right to force the public to use a dark subway and swim thru water at a street crossing 18 feet below level of adjacent ground. The Soo Line should be forced to elevate their tracks or remove all switch tracks from highway crossing and furnish competent men to operate gates and guarantee safety to the public. Their figures for public and private damages are ridiculous and we advise the people to oppose and fight any such proposition.

Within Reach of All

The negro parson was giving his customary Sunday sermon, but, much to the bewilderment of the church members, he included many high-sounding phrases and long words which he had picked up at a very erudite lecture the night before. Apparently it didn't seem to be going over very well.

Noting his wasted efforts at intellectuality, he resumed the discourse in his usual simple language, switching on a voice from the rear commented approvingly: "That's a boy, parson, put the cookies on the lowish shelf."—Christian Science Monitor.

WHEELING

Mr. and Mrs. Gustave Pieper and two children spent several days here last week.

Miss Ardath Moller visited at Arlington Heights last week.

Miss Adele Richmann of Park Ridge called on friends here Monday.

Mrs. Carl Kotwitz of Janesville is visiting relatives here.

Misses Phyllis and Frances Rogalski are spending a few days in Madison, Wis.

Mrs. C. Wellin and Miss Armbruster have returned to the city to live with Mrs. Harry Flesch. The Lewis Holtje family enjoyed a trip to the Wisconsin Dells last week.

Mrs. C. Balling, Charles and Dorothy motored to Ohio last week.

Church services in the Presbyterian church will be as usual next Sabbath. The Rev. Merrill of Evanston will supply the pulpit again as a candidate.

MANNHEIM

The Sunday school picnic of the Mannheim church held Sunday was a big success, so was the supper.

The Ladies Aid served. We were blessed with good weather. People were there from far and near, and everybody enjoyed himself. All kinds of games were played. Mrs. John Grand won the beautiful quilt donated by two ladies. Some were happy winners of fancy goods. Our reporter thinks that we have all good girls in our congregation as the ladies donated everything for the bountiful supper. They gave 7 pounds of coffee, 5 lbs. butter, 2 big hams, 15 lbs. frankfurters, loads potatoes, salads, biscuits and cookies, bushels of cabbage all sorts of pickles, milk and cream. Big tables loaded with goodies and fancy cakes. Better than on Kaiser Wilhelm's wedding day. Our reporter filled himself up for 50 cents so that he had enough for a week.

We are glad that our friend, Jos Chapman has good success with his Northwestern Vegetable Market here. He is always getting more customers and he will soon have to go to the employment agency for help, as the two men can't haul it so fast as his two sales girls sell it.

IN HONOR OF OPENING DAY IN OUR NEW PLACE OF BUSINESS

Busse's New Dry Goods Store

In giving to the business section of Mt. Prospect this modern store building and in arranging for the immediate future extension of the structure to include additional stores, our first purpose to aid in the establishment of an architectural standard for the business section in keeping with the fine class of homes that are being constructed in the growing Village of Mt. Prospect. Our second purpose is to aid in the future business growth of the Village by providing store space for other business firms that may be attracted to this Village.

In opening the first section of our new business block we extend a cordial invitation to all citizens, friends and neighbors in and around Mt. Prospect to be our guests upon opening day, Saturday, August 20th. The entire building will be open to their inspection.

The Busse Dry Goods Store will have souvenirs to present to all visitors. New store fixtures especially constructed permit better display and the carrying of a larger stock of dry goods than was possible in the former quarters. These I want you to see.

"Opening Day" is going to be a "party day" here and I invite every reader of this paper to call. Our sales forces will make no selling efforts upon this day

Mrs. Herman Niemeyer is en-
tertaining from Detroit Mr. and
Mrs. S. Vickers and daughter and
Mrs. C. M. Imeson. The latter and
Mrs. Vickers were in training at a
Detroit hospital with Mrs. Niemeyer
during her preparation as a
nurse.

Mrs. Herman Niemeyer is ex-
pecting Mr. and Mrs. J. C. Cow-
den of Atlanta, Georgia, Saturday
for a short visit.

Road Commissioner Henry Roper
has spent nearly \$4,000 for crushed
gravel upon the roads of the town-
ship this year and he is still "go-
ing strong." Mr. Roper finds that
crushed gravel is equally as good
as crushed stone and is less ex-
pensive. The Elia and Berlin roads
are two of the latest to be cared
for in this manner. He is now
working on the township's share of
Benton street. There are some
county and state roads over which
our road commissioner has no ju-
risdiction and he has no authority
to spread gravel upon them.

Miss Hattie Kuebler has return-
ed from a vacation trip to Shaw-
nee, Oklahoma, where she visited
Mrs. W. Q. Adams, an acquaintance
of her days spent at Rochester
hospital.

Geo. Stange has opened his new
store, corner of the highway and
Chicago Ave. An elaborate foun-
tain has been installed also a steam
table. Light lunches will be served
as well as all fountain drinks and
candies. Mr. Stange has spent
considerable money in establishing
this attractive store and local peo-
ple will find a pleasant place in
which to partake of cooling drinks
and sodas.

Otto Schroeder returned home
on Monday from a short vacation
spent at Crete, Ill.

No, the new window in the
Schroeder Pharmacy is not broken.
It is merely an advertising stunt
and not such a bad one after all.
It at least calls attention to the
window display.

The flies have held off their
deadly work with the cattle until
about this time and the farmers
can make it deadly for the insects
themselves by the use of fly de-
stroyer sold at the Schroeder Phar-
macy.

John P. Mangels in securing a
court decree to change his surname
from Mangels to Mangels is on-
ly following in the footsteps of
two of his brothers, who adopted
the new name several years ago.
Mangels is a family name. The
boys of the family found that it is
more easily understood and spelled
than the other and better fitted to
their business. In meeting Mr.
Mangels upon the street, Palatine
friends should remember that if
they do not recall at the time the
new name, they have only to call
him "John." He is the same John
as always.

opportunity to cooperate in this
matter.

We do not know if attorneys
have a union of their own, but we
have discovered that they are fore-
most in the length of their vaca-
tions. Village Attorney Senne
could not understand why the edi-
tor should be surprised over the
fact that his vacation lasts four
weeks. The editor is not "shock-
ed" Walter. He is only jealous.
Walter spent the first part of his
vacation fishing in northern Wis-
consin and sent home about 20
pounds. The rest of the vacation is
being consumed with golf sticks
and short trips.

Mrs. Anna Liebegut, wife of

Street, died at her home Monday
morning. The funeral will be held
Friday afternoon at the late
residence. Interment will be at St.
Lucas cemetery in Chicago. De-
ceased has been in failing health
for about a month. She was taken
with bronchitis and confined to her
bed two days. She leaves her
husband, two daughters, Mrs. Kuhn
and Mrs. Debat of Chicago, a
brother, two sisters and four grand
children.

The public improvement pro-
gram for this year is nearly com-
pleted. The engineer states that
there remain about three weeks of
work on the southside sidewalks.
There are still some foot bridge to
be constructed upon the west side
and some sewers to be tested. The
new sewage treating works for the
east side subdivisions will not be
constructed at this time. The money
for such work will be held in
the bank until that section is more
built up. The present outlet is
through an open ditch into Salt
creek.

When the septic tank is
constructed, the state requires that
it be built south of the railroad
upon property owned by the Am-
erican National Jockey Club. The
village has three years in which to
do this work. This work was in-
cluded in the original plans and es-
timates and it was thought at that
time, the tank could be built north
of the track. The probable annex-
ation of another McIntosh subdivi-
sion east of Rohling road will
mean some other changes in the
sewer project for that section of
the town.

Own Bride to

Occupy Model
Palatine Home

Ever since Mr. Walter F. Swan-
son, of Palatine, erected his model
house on North Broadway street,
the residents of that part of the
village have been wondering what
the builder was going to do with
it, as he was making no intensive
effort to sell it. The secret is now
out. It is a model home and a
Palatine bride is going to occupy it.
Walter built the house and he is
likewise providing the wedding day
and Walter was the groom. He
had kept the facts of his intend-
ed nuptials very quiet and they
were a great surprise to his friends.
Mr. and Mrs. Swanson will occupy their
new home within a few weeks.
They have the best wishes of Pal-
atine people, who are glad to wel-
come the Chicago young lady into
their midst.

While Walter's friends are rather
piqued over the surprise, they do
admit that he has been consist-
ent. He has been making a spec-
ialty of building honeymoon homes
for others and it is right and prop-
er that he should "go and do like-
wise." For the benefit of those
who may not be honeymooners, we
will state that Mr. Swanson does
not confine his house building to
honeymooners, but that he will
continue erecting moderately priced
homes in Palatine.

PALATINE DIAMOND DUST

Haven't been with you since
August fifth. Great thing vaca-
tions, only one is more tired at
the conclusion than he imagined he
was before he began. What
has the Palatine team done during
the last two weeks. Well, Sunday
August 7, they defeated the Evan-
ston Elks, six to two, at Pal-
atine, and Saturday, August 14
the team journeyed to Waukegan to
give the home club a last in-
trimming seven to six.

The game with the Evanston
Elks was a listless affair, rain
stopping proceedings in the seventh
inning. The Evanston boys were
outscored.

Sunday, August 14, at Wauke-
gan—well that's another story. The
fans who made the journey wit-
nessed an exhibition of what makes
baseball the national game, a last
inning "Dick Merriwell" finish.
The Palatine team played list-
less ball throughout the game. At
the end of the eighth inning the
Waukegan team was leading 6 to 3.
Opening the ninth inning, Man-
gerton Saperstein gave the boys a
"die for Alma Mater" lecture. The
first two men were erased in fast
plays by the Waukegan infield.
McNeill got a single, Munson and
Patton received bases on ball and
the giant Beyran steps up to the
plate and cracks the first ball for
a triple, cleaning the bases. He
scored a moment later on Kuester's
single.

In the last half of the ninth Lee
Swick put up one of the greatest
exhibitions of pitching ever seen in
Waukegan. He passed the first
man, a heavy hitter and then struck
out the next three to end a hectic
ball game.

Sunday the Palatine team plays
Winnetka at the Winnetka grounds
on Elm St. That's just a nice drive
east from Palatine. Will you help
the team to another victory. Wau-
kegan was our 15th victory.

Mrs. John MacLachlan and

daughter, Jeanne, are spending several days at the Dells, Kilbourn, Wis.

Mr. and Mrs. Albert Dehne were Saturday evening dinner guests of Mr. and Mrs. W. Heinz at the Bronx at Niles Center.

Mr. and Mrs. Robt. Landwehr called on Mr. and Mrs. John Werhane Sunday.

We are sorry to report the death of Mr. Wm. Greises mother at South Chicago.

Miss Genevieve Swanson of Evanston and Mr. and Mrs. Arthur Therrien and Arthur Jr., spent Sunday evening with Mr. and Mrs. Arthur Gartner.

Mr. and Mrs. Beaupre of Berwyn, Mr. and Mrs. Henning and Mr. and Mrs. Bob Rugen were the Northbrook Day guests of Mr. and Mrs. H. Becker.

Mr. and Mrs. Arthur Holste had as Thursday evening dinner guests Rev. Schaer and wife, Irwin Schaer and family and Mr. Alfred Schaer.

Mrs. Clara Smith has been working at P. L. Happs store while Miss Flora Laue is enjoying her vacation.

Otto Freese, Mrs. Derwaldt and Mrs. Nessler motored to Downers Grove and other places with friends Sunday.

Mr. and Mrs. Louis Borchardt and parents, Mr. and Mrs. Ferd Rugen motored to Wisconsin to enjoy their vacation in the northern pines.

We are glad to report that Robert Landwehr is getting along nicely although still confined to the house.

St. Peter's Ladies Aid met the first Wednesday of the month. Next meeting Sept. 7, at 1:30 p. m. All members are urged to attend.

Flower Booth Attracts Many Ever since the red zinnia was adopted last spring as the official Northbrook flower there has been wide interest in the growing of the community flower. This interest was brought to a climax Saturday when magnificent specimens of the Scarlet Flame zinnia were brought to the flower booth in the grove and entered in the contest for prizes.

The following prizes were awarded by the Civic Association, Northbrook day, immediately following the parade.

The prize of \$5.00 for the best growing bed of zinnias was won Mrs. J. F. Rosenow. Mrs. Arthur Therrien won the prize of \$5.00 for the second best bed of zinnias. The bed of Edgar Wessling was accorded honorable mention by the judges.

The \$3.00 prize offered for the best bunch of four or more cut zinnias was won by Mrs. Adam Webber. Mrs. Emma Grohs won the prize of \$2.00 for the second

best bunch of four.

There was keen competition for the prize of \$2.00 awarded for the best one zinnia exhibited. This prize went to Wilma Boyce. Close competitors were E. D. Landwehr, grower of the second best, Mrs. C. B. Kiest, the third best, and Harold Mentzer, the fourth best.

The zinnia display was one of the popular features of the Northbrook Day celebration, and it is believed that next year the feature can be greatly enlarged.

Rev. Watson, chairman of the Flower Committee.

SHOWER

Miss Mildred Landwehr was the guest of honor at a miscellaneous shower given by her aunts, Mrs. Gerhard Holste and Mrs. Beck at the home of Mrs. Holste last Friday afternoon. The happy bride-to-be received many beautiful presents which will be used in her new home. About 30 guests were present consisting of aunts, cousins and friends. A merry time playing bingo, after which a most delicious lunch was served. Miss Mildred Landwehr has the best wishes for a bright and happy future bestowed upon her by the many friends and neighbors, who think a great deal of her.

NORTHFIELD

Mr. and Mrs. Ed Bach and son, Edward motored to Toledo, Ohio, last Friday for a few days visit with Mrs. Bach's sister and family.

JENS PILGARD

Mr. Jens Pilgard, better known as Pete Pilgard after suffering for several years was called to his Heavenly home aged 67 years, 2 months, 7 days.

He was born May 31, 1860 in Denmark where he has brothers and sisters living. He came to Chicago about 35 years ago where he lived only a short time when he moved to Wheeling, on a large farm. About 3 years ago he built his home at Northbrook, where he took seriously ill and died Sunday, Aug. 7 at 6:15 p. m. His Father called him home, away from all care and pain, to that great beyond, where everything is made right. The funeral services were held Wednesday, Aug. 10 at 2 p. m. Rev. Watson of Northbrook Presbyterian church officiated. Rev. Wiegand assisted as an old friend who knew the family, and their children, where school mates together many years when they lived at Wheeling.

The funeral cortege slowly went to Wheeling Presbyterian church where he was quietly laid to rest amid beautiful flowers, tokens of love and sympathy from the many friends. "Asleep and at Peace with God."

He leaves to mourn his broken hearted wife, Gulborg nee Andersen, his sons, Emil and Peter Jr., and an only daughter, Hattie, with a great many neighbors and friends who extend their sincere and heartfelt sympathy to the bereaved family.

CARD OF THANKS

We wish to express our sincere thanks for kindness and sympathy shown and beautiful flowers sent us during our recent bereavement in the loss of our dearly beloved husband and father.

MRS. JENS PILGARD and family.

St. Peter Evangelical Church Church phone 204-R-2 Sunday School 9:15. Bible class 9:15. English worship every Sunday at 10:15.

We will celebrate our annual Sunday school picnic this Sunday afternoon. It will be a congregation get together which young and old will enjoy in good fellowship, games, etc.

The mixed choir rehearses every Friday evening.

The Evangelical league will drop their meeting this month with the September meeting the league will launch out to greater activity than ever. Joint meetings with the young people of other churches will be held and an attractive program for every meeting is in preparation.

The Ladies' Aid will give a bakery sale Saturday afternoon in Northbrook and in Glenview.

The church is the only institution on earth today that stands to affirm the existence, and insists on the culture of the human soul. As our spire lifts its finger to heaven, so the church points men to God, and cries "What shall it profit a man if he gain the whole world and lose his own soul?" It utters the words of Christ to the men of this country, "Ye can not live by bread alone." The church stands for eternal things and urges men to keep eternity's values in view. This neighborhood church has thru the many years of its existence been a place of special fellowship with God where many hearts have had the opportunity to be kindled into a flame of true worship and have gone away to live Jesus filled lives. While we strive to foster, goodness, faith, courage, generosity, reverence and love in your living with your fellow men we as a church feel it our greatest duty to bring to man the Christ.

BENSENVILLE

Mrs. Fuchs entertained Mrs. and Miss Schultz from St. Paul, Minn., on their way home from a trip to Germany.

About 20 friends of Geo. Franzen called at his home Thursday evening and helped him celebrate his 50th birthday. As usual all enjoyed a wonderful time and departed wishing him many happy returns of the occasion.

Mrs. Wm. Cunneen has returned home from a trip through Decorah Iowa, and Minneapolis. Her cousin, Miss Bechoe, who is a Physical Culture instructor at the College in St. Paul came with her for a few days stay in Bensenville.

Miss Marjory Bell of Waukegan is spending a few days at the Joseph White home.

Miss Eva White has returned from two weeks' vacation spent at Kenosha, Wis.

Mrs. Lee and son DuFea have returned from their visit to California. While one always enjoys the scenery along the western coast, people from the middle west always assert on a return from there that surely seems good to get back home.

Mr. and Mrs. Clarence Waldron returned Sunday from their vacation at the Fred Volberding cottage at Lake Geneva. Report having had a fine time.

Pat Freely was among the railroad men who attended the funeral at Milwaukee Monday of engineer Brock and fireman Webber who were killed in the accident at Sturdevant last week.

Mrs. Craigmile who has been spending the summer at their cottage at Lake Winnebago, Wisconsin, came home to Bensenville for the week end returning to the cottage Tuesday.

The Biddle Bishop family of Roselle visited relatives and friends here Sunday. Mrs. Bishop, formerly Helen Landmeier, has many relatives here who sure enjoy seeing the family come over for a day.

Those who enjoy dancing to good music and everybody who is anxious to see the base ball boys make a grand success of this their first annual ball should attend at Keobemann's Pavilion Saturday evening. Don't miss it, for a great time is in store for all who attend.

The Fred Volberding family returned home Monday after several days vacation spent at their cottage at Lake Geneva.

The Irwin Franzen family came back from Lake Geneva Monday after a week's vacation.

The Fox family who own and operate the Fox Hotel on York St., had a delightful as well as unique trip Sunday. They started to drive to Savannah but on account of motor trouble developing at DeKalb they had to take the C. & N. W. train to Rochelle and the C. B. & Q. train from there to Savannah, returning that evening to Bensenville on the C. M. & St. P. train No. 4. An auto and three different railroads were used by them in one day's outing. They were accompanied home by three charming little ladies, Misses Dolly, Irma and Winona Yochem, who will remain at the Fox home a month. Who knows, they might like Bensenville so well that some day they may decide it is the best place to locate. Who knows?

Julius Frey family spent Sunday at Lincoln Park and report a grand time.

Miss Rose Grobe is now employed at the Fox Hotel.

Business at the Fox Hotel is increasing so rapidly that it became necessary to add more tables and chairs in the spacious dining room and more stools at the counter in the restaurant. Bensenville is rapidly growing and that means that all our business places are enjoying the trade that they deserve.

The "Trade at Home" spirit not only increases the business but enables the business men to make larger and quicker sales with smaller profits. That is just what we believe in.

Mr. and Mrs. George Shaw accompanied by Mr. and Mrs. Doerman and children from Portage Park enjoyed Sunday at Crystal Lake, returning in the evening.

On Thursday evening of last week George Shaw and the local reporter drove to Portage Park to witness the twilight baseball game between the Bowlers and Lombard team. Both gentlemen are very enthusiastic over base ball and take advantage of the twilight games played by the semi-pro teams. A good crowd witnessed the game as the Bowlers are the Portage Park team and they sure get the support of their friends. The pitcher for Lombard was a real whirlwind but did not get the support from his team mates the other pitcher got and the Bowlers won the game by a close margin. The boys will witness the game between the Bowlers and Big Bill's team this Thursday evening while the Register is being run off the press.

Mrs. E. Schaller entertained the sewing club at her home Wednesday afternoon.

The Ladies Aid held their regular meeting at the church parlors Thursday afternoon. Plans were made for their annual bazaar to be held in October.

Mrs. E. C. Schultz is entertaining relatives from Chicago.

Mr. and Mrs. Alfred Schultz of Bruce, Wis., are visiting relatives and friends here.

Mr. and Mrs. Raymond Markel and daughter of Chicago spent last week with Mr. and Mrs. Wm. Markel here.

W. R. Lemaster is quite ill at his home here.

Miss Dorothy Kelley entertained friends from Glen Ellyn Monday.

Mr. and Mrs. Ben Schultz, Mrs. Bowman and daughter Genevieve visited relatives at Glen Ellyn Sunday.

F. C. Waterman and family entertained company from Berwyn Sunday.

Mr. and Mrs. Geo. Stumpf and baby of Elgin visited Mr. and Mrs. Gust Stumpf Tuesday evening.

METHODIST CHURCH NOTES

Pastor, E. Lester Stanton

All regular services were resumed last Sunday. The pastor conducted the morning service of worship and preached, he and Mrs. Stanton having returned from their vacation last week Wednesday.

Next Sunday, August 21st, the Rev. C. F. Crawford will preach. His sermon subject will be "The Six Cylinder Church." Mr. Crawford is not entirely a stranger to our people, having been with us last winter, and having preached August 7th. A mixed quartet will sing at the morning service.

The Sunday school attendance is climbing back to normal. Are you helping and getting the help that

comes from the study of religious truths?

The Ladies Aid took their annual Hegin to the Wallbaum cottage up on Fox Lake Thursday. We do not know whether they expected to do some missionary work up there or expected the people up there to do it when they arrived. You will have to ask them.

We expect that a very special occasion will be announced for the Sunday of August 28, soon. Perhaps the announcement will be made this coming Sunday.

God does not take a vacation from blessing us. Let us not take a vacation from worshipping Him and blessing His Holy Name.

After the service Sunday, Aug. 8, a lay delegate and an alternate will be elected for the coming Annual Conference.

ESTELLE TAYLOR, Star of "Don Juan" Reads Cook County Herald

ESTELLE TAYLOR DEMPSEY—STAR OF "DON JUAN"

Estelle Taylor, talented wife of champion Jack Dempsey, reads poem dedicated to her famous husband, and written by W. F. Molloy, The Pop-O-Logue Man, in the Cook County Herald.

Miss Taylor, the charming wife of Jack Dempsey, has been ill for the past several weeks. However, in her letter to Mr. Molloy, the well-known Pop-O-Logue Man, the beautiful motion picture star says that she will be up and about in a few days, and goes on to say how much she appreciated the poem "The Old Man Who Came Back," which, it was stated, she saw in the Cook County Herald received by Air Mail from Chicago.

The poem follows:

THE OLD MAN WHO CAME BACK!

Dedicated to "Old Man Dempsey"
The experts predicted with dumbness sublime—
"This Old Man" is thru, he has served out his time!
The "jinx" of a come-back made babes of them all—
These poor old space-fillers they wailed in their scrawl.
Just a few wise "hedgers" not worthy the name
Put "I!" in their copy to cover their shame.
A wolf-pack of quibblers with guile in their spleen—
Who can look no higher than "dope" that has been—
They can't read the heart of a lion at bay—
They just whine and scribble, "He has seen his day."
It's the rule of the "wolfers" to "wolf" and then flop—
Of the mob to jeer as you climb to the top.
Who the mob will cheer the day's vict'ry proved man!
For deep down its heart is all "this" for "I can!"
Poor old Jack—he's thru—an old broken-down shell—
But how he came back! Go try you—do as well!
Full of "pop"—and grit—this old fighter dead game—
Came back crashing gates to the Hall of "this" Fame!
They had thrown him out as not fit for Fame's song—
But "this" fighter proved that Fame's prophets were wrong
It's not only "fighter" we sing of these days—
It's not only "muscle" but "moral" we praise.
There is always hope for the game under-dog!
Is the "moral" great of this Fight Pop-O-Logue.
There're no cheers, quite true, for a "Has-Been" named Jack—
But God how they cheered the "Old Man" who came back!

THE POP-O-LOGUE MAN says:
The winning spirit 'will' conquer the demon Doubt—
vile parent of the 'fear' that whips man before he starts
in the game of Life.
It isn't whipping an opponent that counts a hundred
per cent—it's coming back after 'you' are whipped that
constitutes the 'big idea'—the Master's lesson in morale.
Estelle Taylor Dempsey's acknowledgement:

Dear Mr. Molloy:

Received your kind letter and poem dedicated to my husband, which I think is a splendid piece of work. Please accept my sincere thanks and appreciation.

Have been quite ill, but I am feeling much better now, and expect to be up and round in a few days. Mr. Dempsey joins me in sending our best wishes and sincere thanks for your poem.

Yours sincerely,

Estelle Taylor Dempsey

EAST MAINE

English services at St. Matthews Sunday, Aug. 21 at 10 a. m.

Mr. and Mrs. Fred Finnern, Mr. and Mrs. Elmer Stoll and Mr. and Mrs. Geo. Stell visited Mr. and Mrs. Chas. Jarchow at their summer home at Lake Petite, Sunday.

Miss Florence Toepel returned home Aug. 13 from the Fort Wayne teachers' university where she had been taking four weeks summer course. She will spend the remainder of her vacation at home before resuming another term teaching at Libertyville.

The members of St. Matthews choir enjoyed an outing to Gage's Lake Aug. 11. Although, unfortunately, all the members could not go, those who did had a wonderful time.

The Board of Directors of the Cook County Farmers Mutual Ins. Co., held a special meeting Saturday evening, Aug. 13, at the home of their president, August Geweke, to discuss and plan the advisability of issuing theft insurance in addition to their present risks. The many requests for theft insurance on their automobiles coming in from members necessitated the calling of the meeting. After the project had been thoroughly considered from all angles, it was decided that the company issue theft to those of its members who desired it and rates would be worked out so some would be ready by the first of the year.

Baseball

The eagerly awaited ball game between the East Maine and the colored Evanston Elks was played Sunday before a record attendance of enthusiastic fans and ended in a 10-7 victory for East Maine. And what a game it was—the best played this season. Both teams were in perfect shape and the humorous witticisms of the colored boys added much enjoyment to the game.

J. Harris, a tall, lanky Elk started the hurling against the home boys but lasted for four batters, when Burke, lead-off man, singled, Arham doubled and E. Rohde and C. Behrens each hit safe, the first three men scoring. Then another Harris was sent to the mound who sent Rolia to first by hitting him. Chasely and Christ died on base when two strikeouts and a short fly, faultlessly handled by Brown, ended the inning. For three the score remained 3-0 and in the fourth those black boys let loose. Matthews, shortstop, tripled, Montgomery reached first on an error, scoring Matthews. Butler, Hack Wilson's double, hit a homer, pushing in Montgomery before him. Wilson, the catcher, struck out but Harris singled and scored on another home run by Lewis, putting the Elks in the lead 5-3. However, East Maine tied the score in their half when Ray and Teddie scored after hitting a two-bagger and single respectively.

The Evanstonians earned their two final runs in the sixth on a double and single. In the home

half Burke singled and Arham was given a walk. Together they worked a beautiful double steal and Alf scored when Christ sent out a ripping two-bagger. This made the tally 7-6. In the lucky seventh Al Ahrens batted for Butch and hit safe and scored the tying run. Ray followed suit and broke the tie and Teddie drove a neat one right into the pitcher's hand but Burke hit safe and came home with his third run of the afternoon when Bubbles singled. One more run was added in the eighth by Lehman and the game was sewed up 10 to 7.

The Elks used three pitchers, Butler replacing Harris in the 8th but their six strikeouts were made by the second Harris who walked one man and hit one. Butler also gave one base on balls. On the other hand, Teddie Miller struck out 13 and walked 3. The game was very interesting and much enjoyed by all. A still larger crowd is expected when a return game is played soon. Next Sunday the third game of a series will be played with Des Plaines at East Maine. You will recall that last time they beat East Maine 18 to 8, after previously losing to them 14-2. Who shall win Sunday? Come out and see.

The Spirit of the Old Time Fairs Still Alive

As the gradual shortening of summer days heralds the approach of autumn, one hears much talk of fairs—county, state and inter-state—but always mention is made of the "old-fashioned county fair." And what were those old-fashioned county fairs? The country folk for miles around gathered at their fair grounds for a few days of genuine wholesome amusement, bringing specimens of their best cattle, crops and handwork vying with each other for the championship in their own line. And the but few won honors or prizes, the enjoyment was sufficient to whet the growing interest from year to year.

That old spirit is still to be found at the Cook county fair which as usual will be held at Palatine, September 1 to 5. The officials of the fair are working harder than ever to make the 1927 fair a greater success than any of the previous fairs have been. All they ask is the support and cooperation of the people of Cook county. You truck gardeners of East Maine are living in one of the best gardening areas in the county and it is your duty to help boost the agricultural exhibit at the fair. Look over your crops. You may have some first class tomatoes of which you are proud or some onions you are sure are larger than your neighbor's, etc. Pick out your best selections, and send them to the fair. While, of course, prizes are being awarded for the best varieties, the idea is to boost your community and help it to have a good showing. Keep the dates in mind and take stock of your crops now, then pack up and take your family to the Cook county fair.

Punishment by Ostracism

Ostracism was a method employed by the ancient Athenians of banishing citizens whose influence was considered prejudicial to the state. A day for voting was fixed, when the people wrote on small earthen tablets or shells the names of those whom they wished banished. Six thousand votes were necessary to drive a man into exile. To ostracize today means to ignore, to exclude from a certain social circle.

Tree Makes Starch

In the course of a day, an average tree manufactures some 20 pounds of starch.

Beads for Rosaries

The name "St. Cuthbert's Beads" was given to the single joints of the articulated stems of enonolites. The central perforation permitted them to be strung as beads, and they were used for rosaries and associated with the name of St. Cuthbert.

V. F. W. Preparing For 28th National Encampment in Sept.

Providence, R. I., is preparing for the biggest week of excitement in its history when the 28th national encampment of the Veterans of Foreign Wars and the 250th anniversary celebration of the founding of East Greenwich, a suburb, will be held simultaneously from September 4 to 9.

Veterans from all corners of the country, 50,000 strong, are expected to flock into Providence for the first annual V. F. W. convention to be held east of the Mississippi for the past three years. An elaborate program that begins with memorial services on Sunday, September 4, will continue in full swing until the annual election of officers and installation at the close of the fifth day.

While the general encampment committee, consisting of leading V. F. W. members and citizens of Providence, with Harry A. Hoffman, secretary, has planned a separate and distinct program for entertainment of the ex-soldiers and sailors, another gala program has been outlined to celebrate the founding of East Greenwich. Features of the latter celebration include an immense historical pageant that will depict the history of New England with a cast of 500 characters. One day has been set aside for farm and livestock exhibitions, with a carnival, dances, open air vaudeville and other events to attract the crowds. Fire trucks of ancient vintage brought from points throughout New England will participate in a general muster with valuable prizes to be awarded the most interesting relics on display. Providence will view two huge military parades during the week, one to be staged by the Veterans of Foreign Wars and the other by the committee in charge of the 250th anniversary celebration.

Presence of the Atlantic fleet in the harbor at Newport, R. I., will be a big drawing card for encampment delegates and visitors from inland points. America's first line battleships will be arrayed in all their naval splendor in honor of the visiting veterans and their friends.

Displaying the Flag

The Shenandoah method of displaying the American flag is as follows: A hole is placed in the curb and plugged when not in use. A flagstaff is erected 14 feet 6 inches and the diameter at the base is 3 1/4 inches. A weather-proof American flag, size 4 by 6 feet, is put up. Vexed flagstaffs are always placed near the curb line near the pavement and the gutter and are 122 feet apart.

OUR WASHINGTON NEWS LETTER

It is obvious that the administration wants to turn the spotlight on state, county and municipal taxes whenever demand is made for tax reduction legislation. Government leaders are sounding a warning that tax cuts from the Federal government are at bed-rock. During the next few months Federal officials will suggest to the taxpayers that they should put a check to the rapidly mounting costs of their respective state and county governments, for it is recognized that state taxes are now the real burden on the citizens. Washington officials claim that congress has made several reductions in the Federal tax rate by reason of economies in operating cost, while state and local taxes have increased tremendously.

The demonstrations by radical elements against the Sacco-Vanzetti electrocutions have revived the demand for more stringent immigration laws. It is expected that a number of drastic proposals will be submitted when congress convenes. The department of labor, which has charge of immigration activities, feels that with one or two amendments to existing laws the influx of aliens may be halted. The secretary of labor has indicated that he will demand that increased appropriations for reinforcement of the patrols along the Mexican border, where it is alleged that aliens are smuggled into this country. There is also a proposal to amend the Seamen's Act, placing restrictions on the shore leave of sailors employed on foreign vessels, in order that their movements may be checked up.

Members of congress, who have side stepped the reapportionment project for a number of years, will find it difficult to dodge the issue at the next session. The constitution requires apportionment based on population in the respective states and not on number of votes cast. Pressure from the more populous states is met with opposition from sparsely settled regions.

Largely What One Makes It

Life can be made as sad and lonely as one wants it. It can be made as pleasant as one could hope. In each case it's up to you. Clarence Darrow at the age of 70 looks back, as he says, over seventy sad years. It is our opinion that those seventy sad years could have been lived so that memories on the wings of thought would have brought sweet moments into the life that is now facing the setting sun, and as he probably will admit, despair.

Automobiles More Numerous Than Are Telephones

Which are most numerous in the United States, motor cars, clocks, or telephones?

Experts of the Question and Answer game should answer this easily but statistics on the subject announced by Walter S. Hays, secretary of the Clock Manufacturers Association of America, are interesting.

"There were slightly more than 35,000,000 clocks, 19,520,000 passenger cars, and 17,216,000 telephones in use in this country on July 1, according to a survey just completed," says Mr. Hays. "Thus these three mechanical accessories are mankind's most important assistants."

"As there are approximately 26,000,000 homes in the United States, the survey shows that on the average there are about four clocks to every three homes, about three passenger cars to every four homes, and about two telephones to every three homes."

"The survey also showed that about 18.5 per cent of the 26,000,000 homes had two or more clocks; that 4.3 per cent had two or more automobiles, and that 1.7 per cent had more than one telephone, not counting those extending to different rooms from the same telephone. About 5.4 per cent of the homes had a clock to every room."

Vacation Philosophy

A lot of people before starting out on a vacation, need a few suggestions of homely philosophy. There are many of them who are irritated if they do not have everything just as it is at home.

If a train is late, or the hotel room is small, or the beefsteak is underdone, they growl at the poor service, and they will be upset for hours. They seem to forget that they are off for a good time, and to have something different from their carefully planned home schedule.

If they are going to have things different, there are many times when they will not be so good. They have to learn to get their compensations out of the wonderful variety of the scenery, out of the novelty of different localities and the pleasure of meeting new folks. If they can't get that equitable frame of mind, they would better stay at home and put their vacation money into something that will give them pleasure in their usual surroundings.

There has been no scourge of grasshoppers thus far this summer. Perhaps Lindy by his example has made them tired and discouraged.

Changed Election Methods

The seventeenth amendment to the Constitution was adopted on May 31, 1913. Prior to this time the United States senators had been selected by the legislatures and not by popular vote as they now are.

westerly right of way line of the
Chicago and North Western Rail-
way and the Southeasterly right
of way line of said Chicago and
North Western Railway; all in the
Village of Tressville, Cook County
and State of Illinois.

That the total cost of said im-
provement, as shown by the Es-
timate and Report herein, is the sum
of One Hundred Thirty-Three
Thousand One Hundred Three Dol-
lars and Ninety Five Cents; that
Commissioners were duly appoint-
ed by said court to investigate and
report the just compensation to be
made for private property to be
taken or damaged by said improve-
ment, together with lawful ex-
penses, and also what real estate
will be benefited by said improve-
ment, and amount of such benefits
to each parcel of land benefited
thereby, and that said commis-
sioners duly made a special assessment
to raise the cost of said improve-
ment, and that the report thereof
was filed in the office of the
Clerk of said County Court, of the
said Cook County, in the Court
House in the said City of Chicago,
County and State aforesaid, on the
9th day of August, A. D. 1927,

The Wooster stables will also
send to Palatine several grandsons
and granddaughters of the great
St. Blaze, winner of the English
derby and sold at auction in this
country for \$100,000.

Besides the regular races in
which the Wooster horses will com-
pete they will also take part in
several feature running attractions
among which are the three mile
relay race in which three girl rid-
ers take three different horses a
mile each, changing mounts in
front of the grand stand as they
finish each mile.

The Roman race is another fea-
ture in which Miss Gladys Jones,
the only girl rider in America who
rides the Roman race standing on
the backs of two thoroughbred
runners, competes against boy rid-
ers, racing at full speed.

Miss Jones also rides in the 3
mile relay in which she has plenty
of competition from Miss Kath-
eryn Dering, a famous western rid-
er and Miss Violet Crossbie of Chi-
cago who is also classed as one of
the best girl riders in the country.

Mr. Wooster will also bring
with him some high class show
horses to take part in the horse
show features of the fair, among
whom are Colonel, Champion high
jumper with a record of 7 1/2 feet
and winner of the silver cup at
Indianapolis last year. Shamrock
and Driftwood, two of the leading
triple bar performers in the coun-
try with exceptional records and
Peter Pan a well known hurdle
jumper.

The Cook County fair associa-
tion is exceptionally fortunate in
securing the Wooster stable for the
big fair at Palatine as these run-
ners and show horses are state
attractions and are secured for
Palatine between state fair en-
gagements in the west this sum-
mer and a fall campaign through-
out the southern states.

Advertising the Home Town

The only way to interest people
in any kind of a proposition is to
tell them of its advantages. If
you have merchandise to sell in
your store, you need to tell the
people about it. If you want to
induce people to move into your
home city or engage in business
there, some kind of a campaign
of publicity and persuasion needs
to be planned to let them know
what they would gain.

Many enterprising communities
and states are spending money by
direct newspaper advertising of
their advantages, and are getting
fine results.

Live and enterprising merchants,
who advertise in their local news-
papers, who promote plans to ex-
tend their trade through the out-
lying districts, are the most im-
portant force in advertising a town.

They need to be assisted by the
word-of-mouth advertising of the
people, who should always be glad
to say good words for their home
town, and point out its advantages
to strangers and visitors.

Bees Cause Rift in Serenity of Woodsword Folk

Wadsword, near Grayslake, in
Lake county, peaceful and neigh-
borly at odd moments, is divided
into two factions today.

One faction comprises 40 resi-
dents; the other Adolph Heydecker,
the keeper of the general store.

The village was riven by the
storekeepers bees. Women com-
plain that they can't attend church
strong men declare that they can't
go down to the depot and watch
the milk train come in, and Nick
Lux, who helped wrest that terri-
tory from the Indians, accomplished
the arrest of Heydecker.

"They tell me," Brence declared
"that they all have fine gardens
with peas growing in abundance.
These peas are still on the vines
on account of the bees. Every-
time a woman stoops over to snip
a pod from the vines a bee comes
along and straightens out the
picker. The crop will go to seed
unless the bees become more man-
nerly," he said.

Children's Show Feature At the Cook County Fair

The Junior Cook County Fair in
charge of County Supt. of Schools
E. J. Tobin and his country life
directors will be one of the lead-
ing features at the Cook County
Fair which will be held at Pala-
tine, Ill., Sept. 1 to 5. This jun-
ior fair under the guidance of Mr.
Tobin and his associates has been
getting better and better every
year until it has become a leading
feature. In the Junior fair the
youngsters from the schools of
Cook County show their work in
school, at home and on the farm.

Making the farm the school and
the home one link in the life of
the youngsters is Supt. Tobin's
great accomplishment and how he
hooks up these chief interests in
the child's life and gets them all
working together is shown by the
exhibits at the county fair.

Liberal prizes are given in this
department for the exhibits of in-
dividual entrants and many groups
prizes are offered for the com-
bined work of the schools as a
whole. The Junior Fair is one of
the central points of interest at
the big Cook County Fair, which
opens September 1 for a five day
exhibition.

Adesens Advises Men To Follow Clothes Economy of Women

"The less clothes they wear, the more good I do them," says Mr. Sun, in this week's bulletin, by Dr. Herman N. Bundesen, commissioner of health.

"Too little clothing has been held responsible for an alleged increase in tuberculosis among women." This statement has provoked Mr. Sun, but, in Dr. Bundesen's bulletin, we find Mr. Sun being reassured by some simple and convincing statistics that he is all right and he has been doing his duty.

"When I saw the statement made by Dr. Dearholt that women suffer from tuberculosis because they don't wear enough clothes, I got busy and had my experts bring out not their opinions but their facts," says Dr. Bundesen.

"Look at the statistics in black and white. They are very simple. A child can understand them. Tuberculosis has been declining among women. In fact, it has been declining faster among women than among men, and these are the real facts," Chicago's Health Commissioner emphasizes.

Dr. Bundesen concludes by reminding us of a few facts:

1. Sunlight is a cure for tuberculosis.
 2. Sunlight prevents and cures rickets.
 3. Sunlight is very valuable to the body.
 4. Sunlight is not merely beneficial; it is essential.
- So, the Commissioner tells the girls to wear as few clothes as the law allows, and advises the male to learn a thing or two from the female of the species.

MORTON GROVE

Mrs. Harry Mueller caught a 22-pound picker in Fish Lake, Wis., August 4, but it took three people to land him after rowed ashore. Those three ladies had a jolly time on their vacation and can tell many fish stories of the whales that got away. They made trips to the Indian reservation.

Mrs. Kidd has returned from St. Francis hospital to the home of her daughter, Mrs. August Sells.

Misses Frances and Evelyn Heidtko are visiting friends in Milwaukee this week.

The Rev. Prof. Waldemar Heidtko of Chicago university will preach at Jerusalem church Sunday. Pastor Heidtko is attending the "General Synod of Wisconsin and other States" in Milwaukee this week.

The Y. P. S. will hold a lawn party Friday evening, Aug. 19. The Ladies Aid of Jerusalem church decided at their last meeting to have an outing at Deer Grove August 30.

Amusement Program Feature of County Fair

The greatest amusement program ever presented by the Cook County Fair will feature the annual home coming and fall festival which will be held at Palatine, Ill., Sept. 1 to 5. The amusement end of the fair will get to going full blast on Friday, Sept. 2, when a three year old and under trot and a 2:24 pace will be on the afternoon program together with some special running horse attractions and horse show features.

In the evening the first of a three night card of running races will be presented over an illuminated track. There will also be some spectacular horse show features on the evening program.

Saturday, Sept. 3, will be one of the really big days of the fair with the 2:17 pace and 2:18 trot on the program, together with more high class running features. On the Saturday afternoon program will also be the first of three society horse shows under the management of Mrs. Mary C. Lewellyn of Sunset Farm. Mrs. Lewellyn will have some of the finest saddle horses and jumpers in this part of the country on the program and the new features of the fair is bound to be a big success.

There will also be five big free platform acts between heats of the races so there will be something doing every minute.

On Saturday evening there will be more running races over the flood lit track and the second of the society horse shows will be staged with a larger show than in the afternoon. The five big circus acts will again entertain between races and horse show events.

On Sunday, Sept. 4, the afternoon program consists of the 2:24 trot and the 2:14 pace together with running features and the third and concluding society horse show together with the platform acts.

The Sunday evening program will have the running races the five big platform acts and some feature high jumps and hurdles by champion jumpers. Daily band concerts will keep things moving every second of the afternoon and evening.

On Monday, Labor Day, the closing day of the fair, automobile races will be the headlines on the amusement card with the circus acts entertaining between the races of the dare devil drivers who will make it an afternoon of thrills long to be remembered.

The fair will close Monday night with a band concert, the circus acts and a huge display of fireworks.

These amusement features together with the attractions along the gigantic midway which will be a whirl of rides, merry go rounds, ferris wheels and countless other attractions offers to the patrons of the Cook County Fair the greatest amusement features ever presented at a county fair and the 1927 Cook County Fair is doing its utmost to be one of the greatest county fairs in the country.

Famous Racing Meet

Derby is the name of the famous horse race of one and a half miles, run at Epsom, England, usually on the last Wednesday in May but sometimes on June 1. It is named after Lord Derby, who instituted it in 1780.

Presidents for a Day

In March, 1840, the United States had three successive Presidents on as many successive days. James K. Polk ended his term March 3. President-elect Zachary Taylor refused to be inaugurated on Sunday, and he did not take office until March 5. As neither administration was in office, David Rice Atchison of Kentucky, president pro tem. of the senate, served in the interim.

One of the guests appeared in evening clothes, which brought gales of laughter. After a delicious repast served by a table tastefully decorated, they departed, voting her a good hostess, and hoping they are asked again.

THE RACE FOR THE WHITE HOUSE

If it is to be assumed that President Coolidge has finally retired as a possible candidate for president in 1928, the lid is all off in politics. We are all set for one of the biggest political scraps in both parties that our history has ever seen.

A president is in the line light has a certain advantage when it comes to re-election. He has been thoroughly advertised. The people all know his name. Many will vote for him because they prefer to let well enough alone. When a president retires, then the field is thrown wide open. Aspirants from both parties stand a better chance than they would when contending against a president who is seeking re-election. If President Coolidge is really out of it, the Democrats will not doubt be encouraged to feel that they have a better chance. The desire of the leading men of that party to win the nomination will be increased.

Republican candidates also will be encouraged to redouble their efforts. Those who have been closely associated with Mr. Coolidge will feel free, if he persists in his withdrawal, to throw themselves into the campaign with all their energy. Those who have opposed his policies will see a better chance with the prestige of his position no longer a factor.

A president is in the line light from the moment when he was first nominated. Every one of his acts a subject to microscopic scrutiny. If he ever did anything mean or dishonest, the public hears all about the incident.

American people insist upon having presidents who are personally unimpeachable. This is one thing that has kept our government as good as its. Our people should continue to insist that their presidents present a flawless record as respects personal integrity. We cannot afford to take chances on anyone less desirable.

S. E. Pate Takes 7,000 Mile Trip

(Continued from page one)

Mr. Pate heard the story that the preacher is not even an ordained minister, but was informally acting in that capacity at this church because it was without a regular pastor and that the Sunday of his first sermon, President Coolidge "walked in" upon him. The Pates arrived at the church at 10. The doors were opened at 11 o'clock. The service began at 11.

Our Arlington Heights party not only worshipped with the President, but they camped about a third of a mile distant from the lodge, occupied by the chief executive. They remained longer than they expected in the Black Hills in order to attend the annual celebration of Deadwood, "the Days of the '76."

They saw President Coolidge initiated into an Indian tribe and a part of the democratic throng surrounding the President at that occasion. While at Deadwood they visited the largest gold mine in the world.

Tourists Everywhere

Tourists from every state of the union were encountered in their trip. The tourist camps some times had hundreds of cars in their confines at night. Mr. Pate found these "knights of the road" a happy lot, ever ready to greet and extend a helping hand to a fellow tourist. The camps that are provided through the west were models of their kind. Some had community houses, shower baths, kitchens, and fire places. The much herald "wild and wholly west" were found by the Pate family to be a country of hospitality, whose inhabitants were ever courteous and friendly.

Thruout the entire trip no bad roads were encountered. The Lincoln highway was traveled as far west as Cheyenne, where they took the Park to Park highway for Cody, the east entrance to Yellowstone Park. They spent five days in the park. They camped two nights near Old Faithful. Although they have often heard stories of the beauty and grandeur of Yellowstone, it surpassed all their expectations.

Mr. Pate enjoys eating good fish but he has never claimed that he was a fisherman, yet within 45 minutes he landed ten salmon trout, which are considered the finest eating of any of the finny tribe. That string of fish, says Mr. Pate, was worth the entire trip.

Leaving Yellowstone by the west entrance the party took the Columbia highway to Portland, where they called upon Mr. and Mrs. Cruickshank, former residents of Arlington Heights. They had expected to make only a friendly call, but the Cruickshanks were so pleased to see them and were so insistent that they remained over night. It was an unexpected pleasure. Familiar as they were with Ardmore lodge, the Cruickshank home in Arlington Heights, they had expected to see an attractive place, but they were not prepared for the "fairy garden" which these former Arlington Heights residents, call home in one of the suburbs of Portland. It occupies about an acre of ground and is a perfect bower of beauty and paradise of flowers with perfectly landscaped gardens, attractive lawn furniture and of course the pets that this couple always enjoy having with them including the dogs the peacocks, etc. The Cruickshanks keep posted thru the Herald of the happenings back in Illinois, but they appeared delighted at having this opportunity to entertain some of their old neighbors. From snap shots that Mr. Pate brought back with him, both are well and happy.

The travelers first saw the Pacific Ocean at Seaside. They visited Mt. Ranier, Tacoma, and Seattle, which they term, the Chicago of the West. It appeared to them like a young edition of the big city by the lake. They visited Everett, then Vancouver. Among the interesting sights was the largest saw mill in the world.

On their trip home, they followed the Custer Battle highway, Butte, and Billings, in Montana were visited. At Billings they called upon Will Fitzpatrick, a former Arlington Heights boy. Mr. Fitzpatrick did not recognize his callers and it was only after Mr. Pate had tried to buy his business without his identity, that the Pates found a warm welcome here and report that Will is very nicely situated in the dairy business.

The next stop was in the Black-hills where they spent six days. Deadwood, which in the gold rush days, was the toughest city on earth, where there was no law, is today a law abiding respectable town as there is in the U. S. The annual celebration in honor of the old days is always a great event and this year a band of Sioux Indians traveled in carriages to participate in the parade and to greet the Great White Father in the person of President Coolidge.

Mr. Pate says that the executive offices of the summer white house are in a high school building. Leaving Deadwood, the Arlington Heights travelers reached New Lisbon, Wis., in three days, where they visited relatives.

Small but Famous Vessel

The Half Moon, Henry Hudson's vessel, was a V-like boat of 80 lasts burden. It was like the ten, but a somewhat flexible measure, but it is safe to say that the vessel in which Hudson sailed in 1609 was a shallow little craft of not over 600 tons and probably less.

R. Allison has Narrow Escape from Bullets Vienna Revolutionists

(Continued from page one)

Mr. Allison did not follow the beaten path of the councils. He preferred to "be on his own." It mattered not whether he could understand the language of the people with whom he came into contact. By the means of signs, and a scattering of French, he did very well. Upon entering a restaurant, he ordered by the prices. Translating them into American money, he could tell by the cost about what he was getting, and he usually got away with the bluff. The conducted tours, in the opinion of Mr. Allison, do not give the traveler an insight into the countries visited. Such visitors eat in American hotels, come into contact with American speaking employees and miss half the fun of a trip to Europe.

Mr. Allison, left Arlington Heights a good many years ago. He completed his college schooling by graduating last year from the University of Southern California. He is now connected with a building finance corporation. He is making his headquarters during his stay in Illinois at the cottage of his sister, Mrs. Marshall Jewell at Des Plaines camp grounds.

Fashion and Good Breeding

A circle of men perfectly well bred would be a company of sensible persons in which every man's native manners and character appeared. If the fashionist have not this quality he is nothing. We are such lovers of self-reliance that we excuse in a man many sins if he will show as a complete satisfaction in his position, which asks no leave to be of mine or any man's good opinion.—Emerson.

Rule of Life

Creed is character; desire is destiny; and habit of mind becomes our heaven or our hell. We merely have what we are.—F. W. Orde Ward.

Has It Come to This?

A local woman has so many labor-saving devices around her home that she is thinking of dismissing the maid and hiring a mechanic.—Atchison Globe.

Bridegrooms Pick Types

A helpful German philosopher has made it easier for a man to have what sort of a wife he ought to have. All he has to do is to find out whether he is a hyomagic cyclothymic type or an autistic schizoid. As soon as he knows this the rest is easy, says Capper's Weekly.
